- Active involvement of CSOs in governmental and business decision making on sustainable development issues
- More viable, transparent, efficient and effective CSOs in the field of environment and sustainable development

GEOGRAPHICAL SCOPE
Belarus, Moldova

SENiOR-A — Support for Environmental Civil Society Organisations in Albania

Activities

- Implementing junior fellowship programmes, organisational viability training, master classes and operational grants
- Improving environmental expertise and building capacities in relation to networking and grants
- Increasing collaboration and exchange via national forums and regional exchange and networking meetings

Impacts

- Transformation of weak organisations into strong, mission-driven, democratic CSOs with a clear focus and long-term sustainability
- Emergence of programme-based CSOs with long-term plans and specialist environmental expertise
- Networks and coalitions established for concrete cooperation on specific environmental topics

The project supports CSOs through grants, capacity building, networking and viability assessment, and strengthens cooperation among CSOs and between authorities and civil society

- Duration: 2012–2015
- Donor: Sweden/SIDA
- Budget: EUR 1.8 million

.....

IN NUMBERS:

- 80 CSOs
- 40 experts
- Total grants budget: EUR 1.2 million

GEOGRAPHICAL SCOPE
Albania
